

TO SIGNAL BUS AFTER DARK

**Move handle up and down
to signal approaching bus.**

**Reflection visible
up to a quarter
mile away**

Safe and Easy

**Works even if
you can't see
the flashing**

Try it tonight!

We are investing in your *Safety!*

We have installed Bus Stoppers to improve passenger safety at the bus stop and eliminate pass-bys in the dark.

**No need to use
your cell phone
or flashlight**

**No need to
wave your
arms**

**No need to
jump in front
of the bus**

Be Seen! Use the **Bus Stopper[®]**
